

CITY OF SAN DIEGO, CALIFORNIA  
**COUNCIL POLICY**

CURRENT

SUBJECT: CONSTRUCTION CONTRACT BONDS  
POLICY NO.: 800-08  
EFFECTIVE DATE: May 8, 1978

BACKGROUND:

In administering City contracts, three types of bonds have been required. Section 94 of the Charter requires that each bidder furnish with his bid such security as shall be specified by Council and, when a contract exceeds \$25,000, that the contractor furnish a faithful performance bond in the amount specified by Council. The Charter further requires that all contracts require a retention of payments sufficient to ensure protection of the City against labor or materials liens. While not required by the Charter, a payment bond for the full contract amount has been utilized to ensure this requirement as well as retaining between 5% and 10% of the earned contract payment.

PURPOSE:

To establish a uniform policy for bond or security deposits for City contracts to protect the interest of the City and to enhance the ability of small businesses to compete for City contracts.

POLICY:

It is the policy of The City of San Diego to adhere to the following bonding requirements for City contracts:

A. Contracts Under \$25,000
